Dr. Roman Lesnika (17.2.1898-18.6.1975) was born in Krivi Vrh in Sveta Ana. His parents were school teachers at the Sveta Ana elementary school. His father Mihael (1864-1935) was also a school headmaster between years 1892 and 1925, mother Viljemina (1873-1956) was teaching until retiring 1927.

### EDUCATION

He was visiting 5 classes at the Elementary school in Sveta Ana. In Maribor he finished 8 classes at the State grammar school, where he graduated on 7. December 1919. At the same time (1916-1919) he served in Austro-Hungarian Army and was captured in South Tyrol and held as a war prisoner in Italy for a

year. In year 1919, he enrolled at the Faculty of Medicine in Graz, where he studied for 10 semesters and visited evening Academy of Fine Arts. Next 2 semesters he dedicated to dental specialization at the Dental clinic in Graz. From year 1926 until 1929, he worked at all departments of the General hospital in Maribor. At first he worked as an intern, then as an Internal department assistant, which he led independently. In 1928 he married Olga Sever and got daughter Romana, 7 years later his son Roman was born.

On 1. February 1929 he started working as a local doctor for entire health district Mozirje. He also had his own pharmacy, until it was established public pharmacy in 1935. During occupation he was carrying out private practice, treating partisans and helping people as he could. Based on this and his bad health, he wasn't mobilized into the army. After liberation he was placed by the district committee of Gornji grad for the official local and district doctor in Mozirje. Since 1955 he did entire health care for children and pregnant women, including vaccinations, medical check-ups of schoolchildren etc. at Nazarje Health center. One year later he started managing Health station in Mozirje and Nazarje. In 1959, he started with associate dental practice at Nazarje Health center. He retired in year 1968.
